Re: Filing of correspondence from the United Auburn Indian Community
Camp Far West Hydroelectric Relicensing Project (FERC No. 2997); Yuba, Nevada and Placer
Counties, California.
(Privileged/Confidential materials enclosed)

Dear Secretary Bose:

South Sutter Water District (SSWD), as owner and operator of the Camp Far West Hydroelectric Project (Project), hereby files with the Federal Energy Regulatory Commission (FERC or the Commission) the attached correspondence from the United Auburn Indian Community (UAIC), received by SSWD June 27, 2019.

UAIC requested that the attached correspondence be included in the Project record for the relicensing. The correspondence is in response to SSWD's transmittal letter to file the Cultural Resources Study Report and Tribal Interests Study Report with FERC on June 7, 2019. Tribes, including UAIC, were provided a copy of the transmittal letter and a disc with the study reports.

Please file the enclosed **PRIVILEGED document in the Commission's PRIVILEGED files**. If you have any questions or require additional information regarding this transmittal, please do not hesitate to contact me at 530-656-2242 or sswd@hughes.net. Thank you for your assistance.

Respectfully submitted by,

A handwritten signature in black ink that reads "Brad Arnold".
